

## CTC Source Protection Committee Members Biography

### Andrea Bourrie

### Aggregate Industry

Andrea Bourrie, MCIP, is a Registered Professional Planner (RPP) and a member of the Ontario Professional Planners Institute (OPPI).

After 16 years as a consultant, Ms. Bourrie joined Dufferin Aggregates, a business unit of St. Lawrence Cement, as the property and resource manager. She has extensive experience with planning and environmental policy, environmental permitting, planning and aggregate license approvals as well as public consultation processes.

In her role at Dufferin, Ms. Bourrie is responsible for the development strategy and environmental compliance of 22 pits, quarries and distribution yards in Ontario. She is charged with finding a way to supply Ontario's growing communities with a close to market supply of aggregate while balancing the need to protect and enhance significant natural environment and community features.
