

CTC Source Protection Committee Member - Biography

Don Goodyear

Municipal

Don Goodyear knows water. A hydrogeologist by training with over 20 years of experience, his current position is Manager of Water Resources at York Region, where he is responsible for implementing the Region's water resources management strategy and overseeing the Source Water Protection and groundwater monitoring teams. Prior to York Region, Don worked for Lake Simcoe Region Conservation Authority, where he managed the Source Water Protection program for more than 5 years. Don was the first person to be designated a Risk Management Official in Ontario and he also sits on two Source Protection Committees; South Georgian Bay Lake Simcoe and the CTC (Credit Valley, Toronto & Region and Central Lake Ontario).
